DETAILED ACTION

Allowable Subject Matter

Claims 1-20 and 24-32 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 13-20 and 24-32, After Final amendments in combination with Remarks filed on 2/23/2004 are persuasive in overcoming the rejections as being unpatentable over Knight and Cai. Specifically, arguments are persuasive in identifying that the prior art fails to disclose or teach an optical waveguide coupler having a tapered section and first and second waveguide sections as proposed in which the first waveguide is a single mode waveguide for light at a first wavelength and the second waveguide is a single mode waveguide for light at a different wavelength.

Reasons for allowability of claims 1-12 are stated in the Final Rejection, Paper No. 11222003.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
